WiSens accessories

WiSENS TD

WiSENS TBD & CTD

WiSENS PROTECTIONS

- High resilience to any external shocks or collision
- Can be easily installed on any fishing nets, trawls, etc.
- Water flow is preserved to ensure good measurement
- The Wi-Fi of the WiSens can still be activated through a dedicated magnet stick

Magnet stick

MAGNETIC ACTIVATING CLIP

- A magnet is foamed inside the clip
- Once placed on the middle part of the WiSens, it activates the Wi-Fi of the WiSens
- It enables to access to the WiSens embedded interface via any device with IP address

Magnetic activating clip

MOORING CLAMP

Adaptable diameter
